DIEMAKING RUBBER CUTTER RBR 500 HD

RBR 500 HD represents the latest state-of-the-art technology for the die-ejection rubber cutting on the diemaking market.

RBR 500 HD is the simplest way to get your die-ejection rubber quickly and economically. The machine has featured with a sturdy frame, an easy-to-use touch screen controller and overall a digital package of motors and drivers.

Its own reduced footprint and low processing noise emissions makes RBR 500 HD ideal also for office installations.

Fully Plug&Play, RBR 500 HD will change your idea of reliable and incredibly affordable rubber cutter.
